## IMPORTANT NOTICE!

The slide has been repaired.

Repair work was done to mend the cracked spots on the slide. Because of the type of cracks, as well as the black skid marks, the repair team advised the damage was most likely caused by a skateboard. Please ensure that your children know that skateboards are not allowed on the play equipment and that funds come from the HOA dues that you pay to make the repairs!

The HOA has been receiving numerous reports of loud music coming from houses and cars. It's great that you're really into music, but do your neighbors need to hear it too?

The City of Montgomery has noise ordinances, and all homeowners are encouraged to call MPD's non-emergency number to report any noise disturbances such as loud music!

The HOA receives calls weekly regarding residents of the neighborhood not cleaning up after their dogs. It is so easy to clean up your dogs poop- all you have to do is carry a plastic bag with you, or visit one of the four (4) dogi pot stations located throughout the neighborhood. Since dogs are NOT allowed off leash, you should always be with your dog when they're doing their business, and be readily available to clean up after them.

**Your dog, your responsibility!**

## WHO SHOULD I CALL?

### MPD NON EMERGENCY

- Neighbor playing loud music
- Nefarious activity at the park

### HUMANE SHELTER

- Dogs on the loose

### HOA MANAGER

- Street light out
- Car parked in same spot for longer than 24 hours
- Commercial vehicles parked in neighborhood (non business hours)
- Signs in a neighbors yard
